RE: AB 932 - SUPPORT

Dear Assemblymember Brownley,

We have reviewed AB 932 (Torlakson), relative to the Child Care Facilities Revolving Fund. This organization is in strong support of the bill.

As you know, funding for facility construction and renovation are hard to find these days. The Legislature, in establishing this Fund in the State Department of Education, intended to enable the expansion and improvement of its contracted preschools and centers.

Facility loans – especially in these times of tight credit – are crucial to the expansion of our preschools and child development centers. The revolving nature of these funds means that more schools can be built when the loans are repaid by the earlier program.

Please pass AB 932 when it is heard by your committee next week.

Sincerely,

Timothy L. Fitzharris, Ph.D.
